

North Professional Moderately Conservative Fund

Monthly update for month ending
31 January 2025

Description

The Fund invests in a diversified mix of growth and defensive assets across a variety of asset classes including shares, property, infrastructure, fixed interest, cash and alternatives. Investments are spread across both Australian and overseas markets and investment styles to minimise the risk of underperformance should one particular asset class, region or investment style be out of favour within a particular investment timeframe. North Professional Moderately Conservative growth assets (such as shares and property) will have an average allocation of 55%, with the difference in defensive assets.

Investment objective

The Fund aims to provide investors with modest investment returns which outperform its own composite index benchmark and aims to outperform the Morningstar OE Multisector Balanced Survey.
